

Victoria Foundation

The Philanthropic Services team is here to help you

As a professional advisor, you have access to many resources.

Helping your clients realize their philanthropic goals and ideas provides an opportunity for you to do what you do best: identify creative solutions that help your clients solve problems and achieve specific objectives. Partnering with us may help your clients reduce their taxes, increase their beneficiary's inheritance, create a community legacy and teach their children about philanthropy.

Connecting with and supporting charitable causes through the Victoria Foundation is easy. Your clients can choose from a variety of giving options to best suit their philanthropic and financial goals. We will take care of the paperwork, give counsel on strategic giving and connect them with charitable organizations making a difference in our community.

We work as your partner while you stay in control of your client relationships.
